

KN 95

CHILDREN'S MASK

(Four Layers of Cloth)

SUITABLE FOR STUDENTS

- Isolation Protection
- Breathable
- Prevention of Germs
- Anti-for/Dustproof

Anti Bacterial

Dust Proof

Adjustable Nose Clip

The Exhaust Gas

Main Material: Exterior spunbond nonwoven fabric, effectively bacteria-filtering melt-blown nonwoven fabric, and interior spunbond nonwoven fabric.

Product Features: The mask filter is made in 3D structure, which ensures enough breath space and fits perfectly with the face contour to offer all-round protection.
