## Print more and many in a flash!

Tired of the noise your billing printer makes? Not too happy with the clarity of your printed bills? Would you like your printer to be a lot faster? Then, Jus' Print Thermal Printer is what you're looking for. An ultra sleek printer that goes well with the ambience of your retail space, it prints at blinding speeds to keep pace with the huge customer traffic, offers great print clarity and keeps your retail space absolutely noiseless.

### Features

- **Prints 60 bills per minute:** Speedy output. Ideal for high traffic outlets.
- **Print your logo:** A special feature that lets you customize the bill with your logo.
- **Superior print clarity:** Makes your bills easy to read specially for your customers.
- **Auto Cutter:** Cuts bills neatly at the end of printing so that they remain presentable.
- **An all inclusive 2-year Warranty:** Offered only by TVS-E, it makes the cost of maintenance zero for you*.
- **100 kms Printhead Life:** Keeps your printer going on and on and on…
- **OPOS Compatible:** Allows you to integrate it even with high end ERP like SAP.
