Interface

The RP 3160 Advantage

Today, the retail billing platform has been redefined. Efficiency and Speed are the essential ingredients to enhance the billing experience.

Upgrade your billing standards now with RP 3160, the thermal bill printer.

RP 3160 with a print speed of 160mm/sec is the fastest printer in its category. Certain to make queues a history, RP 3160 is designed to cater to the core retail segments where speed is the key, delivering 48 bills per minute. Equipped with a guillotine type auto cutter with an improved life of 1.5 million cuts, RP 3160 cuts every bill neatly in a flash. RP 3160 also comes with USB and Parallel interface ensuring better connectivity and flexibility. The printer can also be customized to print your bills with your outlet logo for a better brand retention.

Best suited for Printing

- Bills • Receipts • Tickets/Gate Passes
- Coupons/Tokens
